## PET AND HOODOO NUMBERS

Men Have Likings and Aversions for Certain Digits They See in Coming and Going.

Many people have favorite numbers. One man who does much traveling likes 5 above all others. Every time his train stops at a station he looks out eagerly to see if there is a freight car or two about bearing a number with the digit 5 in it. If the 5 happens to be the last figure in the number, he is particularly pleased and should the number be made up entirely of 5's his happiness lasts for days at a time. Whenever he sees one of his favorite numbers out of the window he timidly closes his eyes for fear that the next number will contain no 5's.

Another man who has a chronic case of numeral fever is distressed for blocks after he sees a No. 13 or a number the sum of whose digits is 13. The pair of 49, 87, 85, 139, 148, 157, 166, 175 is just as great as that of plain 13, and, going by familiar houses on the street cars, he learns not to look up at them if they bear figures that bring gloomy 13 into his mind.

This mathematician is as eager to find certain kinds of figures as he is anxious to avoid certain others. Any number the sum of whose digits can be evenly divided by the number of those digits will give him not a little pleasure. For instance, 345 will send a thrill of delight through the amateur mathematician. The sum of the digits is 12, and that divided by the number of digits, 3, leaves the even number 4.

Of course, the larger the number the less chance there is for success in the little game, and therefore, the serious-minded man who plays it avoids so far as possible long streets where there are many digits. If he must travel along such a route he takes a look at several numbers out of the corner of his eye, and after he has found one that satisfies the test he follows the custom of the out-of-town freight car enumerator and tries

Pay For Itself.**

Because Buck's Hot Blast will produce as much heat and as satisfactory a fire in every way, by using the cheapest dollar and a quarter coal, slack or screenings, as other heaters in which you must use high grade soft coal or hard coal. You can see at a glance how soon this saving in fuel will make a Buck's Hot Blast actually pay for itself. It is not the first cost of stove that counts so much, it is what you have to pay to feed it, in coal.

## Situations Guaranteed.

We do not guarantee situations to prospective students in order to entice their patronage. Schools of merit do not resort to such dishonest practices. Fake schools "guarantee" situations in order to secure students, because they have no other inducements to offer. Our work is so thorough that a guarantee is superfluous. Business men are so eager to get competent help here that a large per cent. of our students take positions before they graduate. See us before making arrangements for your business and educational education at some inferior fake school. We will take pleasure in telling you all about the possibilities in the "position guarantee" of diploma schools. Catalogue free.

## AT SACRED FUJIYAMA

THIS MOUNTAIN BELOVED BY WHOLE JAPANESE NATION.

Annual Pilgrimages Made Thereby—Wonderful View from Top—Rises Twelve Thousand Feet from the Plain.

Mr. G. Waldo Brown, in his book "Japan, the Place and the People," writes of Fujiyama, the peerless mountain, as follows: "Seen from the distant ocean, its truncated crest, wrapped in a robe of snow for three-fourths of the time, looks like a pink and white pillar rising abruptly from the immeasurable deep. The first land view defines it, some 50 miles away, as a lonely sentinel in white, the pinnacle of more than 50 square miles of country, every foot of which has helped to rear this gigantic monarch. Seen in the clear light of morning, a mystic halo seems to encircle it, from which it bursts forth like a jewel of purest lustre set in an opaline sky. Under this effect, it is easy to accept the poetical signification of its name. . . . The voice of ages says that this vast mountain was builded in a single night, and the earth and substance taken to rear its majestic form were taken from that hollow in the ground, 300 miles distant, which is now filled with the water of Lake Biwa. In the light of modern knowledge, this does not seem to be altogether impossible or improbable. Within a comparatively short time, that mighty protuberance which breaks the steady rise of the eastern slope of Miho, has been lifted bodily from a depression in the mountain's lower regions. If it is now inactive, one need not go far to find ample evidence of the terrific upheavals of earth, ashes and molten masses, which are veiled but not concealed by the thin growth of vegetables creeping over Fujiyama's broad, pumice-covered slopes. What Vesuvius is to Naples, Kilianea to Hawaii, Shasta to California, Hecia to Iceland, Fujiyama is to Japan. It is a source of national pride, of majestic grandeur, of fear but half concealed, haste, she gave it the softness of conf nature created this mountain in four, placidity of aspect and tenderness of verdure so common to Japanese volcanoes. . . . Pilgrimages to the summit of Fujiyama are made with all the religious ardor of similar journeys in India to the holy shrine of Mecca. More than 10,000 pious pilgrims, clothed in spotless white garments, with enormous hats on their heads, four long, stout staves in their hands, annually wind their way slowly upward toward the lofty crater of this sacred mountain, as if bound to an in-

THE CRATER OF FUJIYAMA.

cessive-burning altar. Aside from the reverential feeling which naturally urges on the visitor to the peerless mountain, it affords one of the noblest and most beautiful sights that can be taken in the Sunrise land. Rising over 12,000 feet from the plain at one sweep, the view from the top is the broadest and finest in all Japan. Not many years since, the entire distance from any point had to be made on foot, or seated in the mountain chair borne by four of the coolies. Now a thirty-hour's ride by rail from Yokohama takes one to the village of Gotemba, at the foot of the mountain. If the tourist is abashed, he had better complete the journey on foot. Despite his extra exertions he will find this preferable to being carried, cramped up like a jackknife half closed, in a kago, or that more pretentious but scarcely more comfortable eastern palanquin, the norimon. Above the farm lands, which reach upward to a height of over 1,500 feet, is a wide belt of grassy moorland; then a girdle of forest, stopping at 6,000 feet, succeeds. Above this band of growth the vegetation gradually becomes sparser and stickier in appearance, until finally the ancient paths wind in and out of rocky ravines around over bare patches of volcanic deposits. The kago-bearers go no further than the upper rim of the forest, so that all climbers are then obliged to walk."

## The Hicks Almanac For 1906.

The Rev. Iri R. Hicks' Almanac will not be published for 1906, but his Monthly Journal, Word and Works, has been changed into a large and costly Magazine, and it will contain his storm and weather forecasts and other astronomical features complete. Todd went Democratic by 300.  
New Jersey and Maryland both went Republican.  
Rhode Island elected Uter, Republican, Governor by 1,000.

Massachusetts elected a Republican Governor. The race for Lieutenant Governor is very close.

The official canvass will be made Friday by the election commission, Sheriff L. R. Davis, J. M. Starnes and J. B. Chilton.

Hopkins county went Democratic by 600 or more. The Independent Democratic ticket in Madisonville, championed by anti-Bradley faction, was elected.

The county elections everywhere shows Democratic gains and many Republican counties have been redeemed, besides Christian.

The Lexington chapter U. D. C. has sent to the proprietor of the Lexington opera-house a protest against the presentation of "Uncle Tom's Cabin" in his house.

The Democrats and anti-Republican, fighting shoulder to shoulder, have redeemed Christian county from the rule of the worst kind. It is true some of the Republicans pulled through by close votes, but they are the new men on the ticket, put on to catch votes. Not one of the old gang gets in. Some of the races are close, but the majority will do. Duffy's one vote is not as large a majority as Dave Smith's, 45 but it will count for just as much. It is the same majority that carried the elder Prowse into office 15 years ago. There will be no more ring rule in Christian county for some time to come.

### Five Magistrates.

Democrats elect five Magistrates, J. M. Morris, W. L. Parker, Walton Garrett, J. F. Dixon and A. J. Estes. The Republicans, from present indications, elected three, Henry Moore, col., J. W. Rogers and H. B. Clark. The figures on the constables are not obtainable.

The vote on the constitutional amendment is incomplete, but will be close.

### NEW LINES.

Several Feeders for L. & N. in Process of Construction.

Several feeders are in process of construction of Kentucky and Alabama for the Louisville and Nashville. A line between Knoxville and Etowah, Tenn., is completely rebuilt. Officials of the company have incorporated the Pine Mountain railroad, to build from a point on the Louisville and Nashville near Williamsburg along the Cumberland river to a point forty miles away on the Cumberland Valley division. Surveys are reported in progress for an extension of the North Fork branch in Kentucky into the Crab Orchard coal fields. In Alabama a thirteen-mile extension will be made into sources of coal traffic not far from Birmingham.

### NO FRANCHISE

Has Cumberland Company in Springfield, Tenn.

From a special from Springfield, Tenn., it is learned that Springfield is experiencing the same trouble that Paducah is having with the Cumberland Telephone company. The council at Springfield has held that the Cumberland company has no franchise there and is operating against the rights of the city.

The Home Telephone company of Springfield, Tenn., which is owned by E. L. Barber & Company, of the Paducah Home telephone company has just won a victory over the Cumberland company. The Springfield special says:

Decisive victory for the Home Telephone company in its struggle with the Cumberland Telephone company was a result of a vote of the city council tonight, when that body decided unanimously not to interfere with the franchise granted to the Home company about one year ago to do business in Springfield.

For some time petitions have been circulated asking the city council to declare the franchise of the Home company forfeited because of failure to take advantage of the rights granted within a reasonable time. The petitions also declared two companies unnecessary, and that another system would cause many inconveniences and expenses to the patrons of the telephone. Such petitions were circulated, it is alleged, in behalf of the Cumberland company.

The city council, by its action, held that a reasonable time in which to begin building had not expired, and the Home company may proceed to comply with the terms with the support of the town authorities. The company now has its poles here, preparatory to erecting lines, and will begin work at once. E. L. Barber and A. L. Tetu, the men at the head of the Nashville Home Telephone company, are behind the telephone. The opening of an office will give Springfield independent telephone communication with a number of other places, where allied independent companies have lines. The claim is made that the Cumberland Telephone company has never been granted a franchise in Springfield, and has no right to run its lines over the streets.—News-Democrat.

### Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them at R. C. Hardwick's drug store. 25c.

### Binns—Nance.

### DUAL SERVICE.

Shall We Have Two Telephones or Give the Present One a Monopoly.

Much talk has been indulged in during the past week as to dual telephone systems in our city. There seems to be a fight on, the result of which will be known tonight after the City Council meets.

In our opinion the Home Telephone Company who is knocking at our door for admittance is entitled to enter our city and do business with our citizens than any other company. The telephone company operating here today is doing so without a franchise, never having been permitted by authority of the council to put its poles and string its wires, still they are contending for a right which they have not. If the Cumberland Telephone and Telegraph Company desires to exclude competition they should be regularly granted a franchise by our city and that franchise today is worth something to them and should be paid for. They are not paying into our coffers any privilege tax because it was impossible to get a bill through the last Legislature compelling them to pay a privilege. The only money paid is an ad valorem tax amounting to 5— They contend that the competition will not hurt them but will be a double expense to the telephone patrons. Such talk as a corporation looking after the savings of this community from a monetary standpoint and its utter folly and a secondary matter with them. While we are not waging war upon the Cumberland people we believe that in competition a better service will be maintained by both companies at very little more cost on the part of the subscribers. It is claimed that it will cost double what we are paying today. If the Home Company will give connections over this county for residence telephones at a lower rate, then the Cumberland will be compelled to meet their price or lose the subscribers and if they reduce to meet the Home rate and the subscribers desire two 'phones the cost will only be a few cents more than we are paying today for the Cumberland and will reach more people and give us better and quicker service from both exchanges. The Home Telephone Co., if they are allowed to come in will expend from 30 to 40 thousand dollars which will give employment to our people and increase the ad valorem taxes of our city.

We may be wrong, but we are in favor of opening the doors and letting all who will enter in. If we do not we have no assurance from the present company never to raise the rates and they can do so or not at will.—Robertson County, Tenn., News.

The Cumberland Telephone Company, according to a statement made before the Legislative Committee last winter, doesn't fight opposition. But the opposition company which is building lines toward Nashville and incidentally asking certain privileges in Pulaski, Springfield and other nearby towns, has some doubts about the accuracy of the statement.—Nashville American.

### Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her." ## Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Per-ri-na.

Mr. C. B. Newhof, 19 Delaware street, Albany, N. Y., President Metropolitan Club, writes:

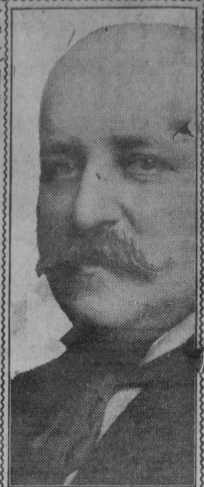

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

### Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse.

Cured By Per-ri-na.  
Mr. F. B. Richards, 600 E. Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Languor, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment. Finally a brother newspaperman, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed their normal action, and I was a complete man. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an 'A' risk."

### In Poor Health Over Four Years.

Per-ri-na Only Remedy of Real Benefit.  
Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Maritime Provinces Association, writes: "I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised

PRES. C. B. NEWHOF.

Suffered From Catarrh of Bladder.

kidney remedies without getting the desired results. Peruna is the only remedy which was really of any benefit to me. I have not had a trace of kidney trouble nor a cold in my system." Per-ri-na Contains No Narcotics. One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect. It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

#### LOCAL POINTERS.

Work on the front of the G. M. C. A. building is progressing. The work will have to be pushed in order to get it under roof before bad weather.

Joe Twyman goes in by the "skin of his teeth", and it is said that he is the only man in his ward that could have downed his opponent. He is short in stature but long in a race.

Herman Southall, who will represent this county in the next Legislature is an orator as well as a lawyer.

#### The Hicks Almanac For 1906.

The Rev. Irl R. Hicks' Almanac will not be published for 1906, but his Monthly Journal, Word and Works, has been changed into a large and costly Magazine, and it will contain his storm and weather forecasts and other astronomical features complete. The November number, now ready, contains the forecasts from January to June, 1906. The January number, ready December 20th, will contain the forecasts from July to December, 1906. The price of this splendid Magazine is one dollar a year. See it and you will have it. The November and January numbers containing the Rev. Irl R. Hicks' forecasts for the whole year, and more complete than ever, can be had by sending at once 25 cents to Word and Works Publishing Company, 2201 Locust Street, St. Louis, Mo.

A firm of Louisville feed dealers has just received a car load of alfalfa hay, the first shipment ever brought to that city.

Union revels which have been conducted simultaneously in twelve of the Protestant churches at Owensboro, closed Sunday night with over 800 additions to the churches.

President Roosevelt has issued his usual proclamation designating Thursday Nov. 30 as Thanksgiving Day. Mayor Powell, of Henderson, has designated Nov. 23, so that city will have two thanksgiving days.

But Henderson is a good town and has much to be thankful for.

## THE GIDEONS ON THE MOVE.

Services for Men to be Held Here in January.

GREAT GOOD EXPECTED.

Ladies May Observe Week of Prayer During the Day.

The local Gideons are forming plans for conducting a men's meeting here during the first week of January, which for years is observed generally all over the country, as well as here, as the Week of Prayer.

Decisions thus far reached are that the meetings will all be held at night in the audience room of the Baptist church, that being the largest church in the city. The singing will be led by a male quartette, with piano accompaniment.

Mr. Palmer, the well known speaker, whom our people have had the pleasure of hearing, will be the speaker.

The Week of Prayer will, in all probability, be observed by the ladies during the day, though this is something to be decided later.

Mr. Palmer is one of the most powerful speakers traveling, and he has ceased drumming and is paid by the Gideons to travel altogether. He reaches many men that preachers cannot and has done a great deal of good wherever he has gone.

#### MRS. KEATTS DEAD.

Christian Woman Passes Away After Long Illness.

Mrs. D. C. Keatts passed away at her home near Howell Tuesday evening, after a long illness of consumption. She was about forty-five years old and is survived by a husband and three children—Mrs. O. M. Wilson, Miss Eunice, and a son aged fifteen. Mrs. Keatts was a member of Olivet Baptist church and was a woman held in the highest esteem by a host of friends.

The body was laid to rest in the family burying ground, near Lafayette, yesterday.

#### Elegant Reception.

Mrs. A. H. Edwards was the charming hostess at a reception at her handsome new home on South Main street yesterday afternoon. It was one of the most delightful of the many brilliant social events that the ladies have enjoyed recently. The early hour at which we went to press prevents a more extended notice.

#### A Card.

We desire to express our sincere appreciation for the many kindnesses shown us by all during our recent affliction, caused by the death of daughter and sister, Emma, and we will always feel grateful to them for their sympathy, in this, our hour of sorrow.

#### ROGERS-GRILEY

Recital at the Tabernacle Friday, Nov. 10.

The first attraction of the Tabernacle course will be the Rogers-Griley recital to-morrow night. This is sure to be a pronounced success, for the worth and charm of this entertainment has been proven by many seasons of practical experience. The combination long since gained a foremost position among the few standard attractions. Many years of enthusiastic effort have enabled these gentlemen to produce a program for the amusement-loving public that not only provides pleasure, but conforms to what is best in art. From the harp classic, with which Mr. Rogers opens the program, followed by a group of impersonations and original selections by Mr. Griley, the listeners are carried through a series of artistic efforts in the realm of pathos, humor and music, until the closing number leaves the audience wondering if it is really true that such a delightful evening has been given by a company of only two people. Every season finds these artists with fresh novelties and striking selections added to their extensive repertoire, so they are always able to present an entirely new program at each reappearance. Probably this has much to do with that notable fact concerning this combination of their continued reappearance on some of the strongest and most conservative courses in the United States, such as Brooklyn, Baltimore, Chicago, Cleveland, Boston, Philadelphia, Pittsburgh, Trenton, Washington, and many others. They have also appeared at scores of colleges, universities and normal schools in nearly every state in the Union. To-day they are furnishing one of the strongest, most unique

and thoroughly delightful programs in this field of work.

## In Time of Peace

In the first months of the Russian  
Japan war we had a striking exam-  
ple of the necessity for preparation  
and the early advantage of those  
who, so to speak, "have shingled  
their roofs in dry weather."  
The virtue of preparation made his  
tory and given to us our greatest  
men. The individual as well as the  
nation should be prepared for any  
emergency. And you prepared for  
successfully combat the first cold  
you take? A cold can be cured much  
more quickly when treated as soon  
as it has been contracted and before  
it has become settled in the system.  
Chamberlain's Cough Remedy is  
famous for its cures of colds, and  
it should be kept at hand ready for  
instant use. For sale by L. L. Elgin  
and Anderson-Fowler Co., up-to-  
date druggists at Hopkinsville.

Christmas comes this year on Mon-  
day.

**Sells More of Chamberlain's Cough  
Remedy Than All Others  
Put Together.**

The following letter from a local-  
ity where Chamberlain's Cough Re-  
medy is well known shows by the un-  
precedented demand for it that the  
medicine sells on its own merit. Mr.  
Thos. George, a merchant at St.  
Elgin, Ontario, says: "I have said  
the local agency for Chamberlain's  
Cough Remedy ever since it was in-  
troduced into Canada. I have sold as  
much of it as I do of all other lines  
I have on my shelves put together.  
Of the many dozens sold under guar-  
antee, I have not had one but re-  
turned. I can personally recommend  
this medicine as I have used it my-  
self and give it to my children with  
always the best results. For sale  
by L. L. Elgin and Anderson-Fowler  
Co., up-to-date druggists at Hop-  
kinsville.

Now that the election is over let's  
get busy ourselves.

## Croup

A reliable remedy and one that  
should always be kept in the home  
for immediate use is Chamberlain's  
Cough Remedy. It will prevent the  
attack if given as soon as the child  
becomes hoarse, or even after the  
croupy cough appears. There is no  
danger in giving it to children for it  
contains no opium or other harmful  
drug. For sale by L. L. Elgin and  
Anderson-Fowler Co., up-to-date  
druggists at Hopkinsville.

## Constipation

Health is absolutely impossible, if  
constipation be present. Many serious  
cases of liver and kidney com-  
plaint have sprung from neglected  
constipation. Such a deplorable con-  
dition is unnecessary. There is a  
cure for it. Herbine will speedily  
remedy matters. C. A. Lindsay, P.  
M., Bronson, Fla., writes, Feb. 12,  
1902: "Having used Herbine, I find  
it a fine medicine for constipation."  
Sold by Cook & Higgins at 50c a bot-  
tle.

Arthur Miller, of Calloway, was  
given ten years in the pen.

**Cured Constipation.**  
Mrs. B. W. Evans, Clearwater,  
Kans., writes: "My husband lay  
sick for three months. The doctors  
said he had kidney constipation."  
"We procured a bottle of Ballard's  
Horehound Syrup and it cured him."  
"That was six years ago. Since  
then we have always kept a bottle in  
the house. We cannot do without  
it. For coughs and colds it has no  
equal." 25c, 50c and \$1.00. Sold  
by Cook & Higgins.

SPORTS AND  
ATHLETICS

Louis Rogers Browning, better  
known as "Old Pete" the slayer of  
the baseball di-

mond, is dead. His  
death occurred at  
Hopkinsville, Ky.,  
and was due to  
an affection of the  
mastoid bone of  
the head. "Old  
Pete" was one of  
the most noted  
characters ever  
connected with  
the game of base-  
ball. In his day  
he was fully as  
famous as is Russ-  
Waddell. The  
Philadelphia Ath-  
letics, and in  
many respects the  
men were alike.

In addition to be-  
ing great ball  
players they had  
marked eccentricities. Browning was  
one of the best. Before the profession  
has seen. He was a natural biter, and  
a hard one, a good base-runner, and a  
fair fielder. In appearance he was  
singularly tall and slender, slightly  
stooped, and possessed a peculiar  
pointing pair of ears. Browning was  
quite deaf, which of course was  
responsible for many of his peculiar-  
ities. Baiting was his forte and his  
fad, and his temper after a game was  
reduced by the nature of his work.

## BROWNING

made. Regardless of the outcome of the  
contest, Ball players declared him to  
be the best judge of a bat in the coun-  
try, and he generally had a good  
assortment of them, and made a special-  
ty of preserving them. At the end of  
a season he would put them away in  
water. One of them he would keep in  
a box for a month, another for six  
weeks, and so on, declaring that each  
required a certain treatment. Then  
when in the line for the next cam-  
paign. When showing his assortment  
he would speak of the bats much as a  
trainer would of the stable of race-  
horses. "Ah, that is a fine two-year-  
old," he would declare, as he picked  
one out of the lot, and "this one is a  
four-year-old," he would say of an-  
other. Players declared Browning  
never could be persuaded to sell a bat,  
no difference how much he was offered  
for one of them, but when a player  
looked longingly at some par-  
ticular stick in Pete's assortment, and  
said he wished he owned it, Browning  
surprised the man by making him a  
present of it. Browning and Fred  
Pfeiffer began playing on the town lots  
in Louisville at about the same time,  
and both drifted together, eventually,  
to the Chicago club. Browning was re-  
gularly one of the best exclusively home  
teams ever known in America. Pfeiffer  
was the club to be the Chicago Na-  
tional's wife, which was the rest of  
the Eclipse players into the Louis-  
ville club of the American associa-  
tion. He became third baseman on  
the team and remained in that position  
for two seasons. Later he was shifted  
to the outfield, which position he  
played as long as he remained in the  
team. He continued with the Louis-  
ville team until 1888. In the follow-  
ing year he went to Pittsburgh and  
in 1890 became a member of the  
Cleveland team at a salary of \$4,800.  
His batting average that season was  
450. His last work was with the  
Louisville National league team in  
1895.

The new school of tennis players  
saw a pronounced triumph in the  
recent championship  
contests at  
Newport, and as a  
result the forcing  
and aggressive  
game is now the  
fashionable style  
of play. Beale  
Wright, of Bos-  
ton, the new na-  
tional champion  
of the American  
his laurels by  
beating former Champion Holcombe  
Ward, his long-time partner in dou-  
bles, for the title. Mr. Wright is let-  
handed, but a lot of ground and  
plays the aggressive, forcing game  
which has become so successful in the  
past year. His style is dashing and  
safe, rather than the careful and  
aggressive, as that of Larned, the old cham-  
pion, who is still in the game and  
who is Wright's chief rival at Newport.  
Wright did splendid work for the  
American team in England. Had his  
partner, Ward, been at all as good a  
man when the Americans were in Eng-  
land, it is not too much to say that  
the Davis cup doubles would have gone to  
the invaders. Ward was unsteady,  
however, and the cup stayed in Eng-  
land.

Kriegel Collins has won the western  
championship nine times in 12 years  
and nine times out of ten actual tries.  
He did not compete two years and was  
beaten in the finals on another occa-  
sion. Great things were expected of  
him at Newport, but he failed to come  
up to expectations. He was not in  
form at Cincinnati a week later so  
gave Mr. Wright a terrific struggle for  
the tripartite championship, but lost.

Collins is a very fast and brilliant  
player. He had a lot of hard luck in  
his games with Wright at Cincinnati,  
yet drove the champion to the limit to  
win 16-15 in the final set. Collins found  
it hard to get his balls cleanly over  
the net. Many of his net drives  
just did hit the netting and dropped  
back. Had his line drives and net  
balls gone safe he would have beaten  
Wright.

Liver  
Disease.

THE liver is the great filtering ap-  
paratus of the alimentative, or  
digestive, system. It filters the  
poison-laden bile out of the blood.  
When the liver lacks active capacity  
to do this work, then the bile passes  
through into the general circulation  
and begins its poisonous work.  
Through the circulation of the blood  
it is disseminated throughout the body,  
gradually paralyzing the strength, en-  
feebling the brain, weighing down the en-  
ergies, weakening the heart's action, in-  
fecting and undermining the system.  
Eventually the poison begins to accu-  
mulate at the skin, the kidneys, the  
bronchial tubes, or the lungs, until at  
last it settles and fastens itself at some  
point, which location may be far away  
from the liver; yet it is stagnation or  
congestion of the liver which is the im-  
mediate cause of the whole trouble.

## SYMPTOMS OF LIVER COMPLAINT.

Not unfrequently, in liver disease,  
the complexion becomes pale and  
sallow, there may be frequent attacks  
of bilious or sick headache, bitter taste in  
the mouth, or a feeling of burning, or  
covered with a brown fur, unnatural, dry,  
harsh, or scaly condition of the skin,  
branny eruptions, pimples, dark  
blotches, and troublesome itching.  
There are likely to be "backache"  
and tired feeling, and a sense of  
debility. There is depression of  
spirits and a decided tendency to be  
discouraged and despondent. There is  
loss or irregularity of appetite, uneasiness  
in region of the stomach, oppres-

sion, sometimes sour stomach, "heart-  
burn," nausea and "water-brash,"  
flatulency, and acid eructations; the  
bowels become irregular, usually con-  
stipated, and occasionally subject to  
diarrhea, attended with colicky pains.  
The foregoing symptoms are not all  
present in any one case, nor are any  
two cases alike in every respect.

But only way to help a disor-  
dered liver is to treat it as it is—the great,  
organic, human liver. Doctor Pierce's  
Golden Medical Discovery cleanses and  
clears it; invigorates and revitalizes  
this most important organ by its won-  
derful alternative power. For bilious-  
ness, indigestion, weak stomach, and  
kindred ailments, the "Golden Medical  
Discovery" is a most efficient remedy.

Dr. R. V. Pierce, Buffalo, N. Y.:  
"Dear Sir:—I wish to express my appreciation  
of your 'Golden Medical Discovery' as a  
remedy for liver trouble. I am in an ex-  
cellent state of health, and get a fresh  
start every day. I gradually began to grow  
fatter, and my appetite improved. I was  
suffering from indigestion and headache. I  
was always tired, even after a night's sleep,  
and a great extent, suffered from attacks  
of biliousness and headache. I frequently had  
a bitter taste in my mouth, lost my appetite  
for food, and was generally in a state of  
debility. My physician said my condition was due to  
liver trouble, and he recommended that I  
use your medicine. I found his medicine was not  
the same as the one I had used before. I  
was cured of my liver trouble, and I am  
at the end of two months I was entirely  
cured. I shall always have great faith in  
your medicine."

### NEW TUNNEL

Through Solid Rock Has Been  
Opened for Travel.

Nashville, Tenn., Nov. 7.—The tunnel under Baker's Hill, on the L. & N. railroad, sixteen miles west of Nashville, has been completed, and the first trains went through yesterday. The tunnel is nearly a mile long, and, with the approaches, cost about \$2,000,000. An interesting feature connected with this tunnel is that no dirt was taken out, it being built through solid rock.

### At Hotel Latham.

The Daughters of the Confederacy will meet at Hotel Latham Saturday afternoon at 2:30. A full attendance is desired, as business of importance will be brought before the meeting.

### Married in Clarksville.

E. M. Roberts and Miss Birdie Thwaitt, young people living in South Christian, not far from Garrettsburg, were married in Clarksville Sunday.

### NEXT MEETING

Of County Teachers' Will Be  
Held at Fears' School  
House.

The next meeting of the Christian County Teachers' Association will be held at the Fears school house on Friday, Nov. 17, 1905, beginning at 10 o'clock a. m. All of the teachers of the district are expected to be present and to be prepared to take some part in the exercises. Everybody is cordially invited to attend. Trustees and patrons are especially urged to come. Let us all endeavor to make this the best meeting of the season.

Teachers should read very carefully "The Teaching of English"—our lesson in the second chapter beginning with page 121. This is one of the new reading circle books and will be our study for the year. It is a fine book and teachers will find it interesting and helpful. The program follows:

Devotional Exercises—Rev. T. T. Powell.

Words of welcome—Jas. S. Rogers.

Response—Miss Sattie Goodie.

Reading circle work and district librarian—Mrs. Jimmie Jenkins.

What should teachers read?—Mrs. Minnie King.

"The Teaching of English."

1. Composition in elementary schools—Miss Bina King.

2. English Grammar in the elementary schools—Miss Maude Blaine.

3. Spelling—S. T. Fruit.

4. Literature in the elementary schools—Miss Lucy A. Townes.

Some of the problems of our rural schools—Miss Jennie West.

Co-operation of parents, trustees and teachers—Mrs. Mattie S. Doss and Chester H. Fruit.

The Kentucky Educational Improvement Commission—Miss Stacey Jenkins.

What is our aim in teaching?—Miss Maude Hardison.

County graduation—Miss Marian Smithson.

Methods of teaching spelling—Importance of study—Miss Ellen Withers.

The public school as an agency for moral instruction—Mrs. Ella Walker.

The teaching of history—Correlation with other subjects—Miss Olive Cate.

Miscellaneous business.

Adjournment.

### HEART DISEASE

Causes Sudden Death of  
Prominent Citizen at  
Pembroke.

Mr. W. C. Graves died suddenly in Pembroke Monday night of heart disease. He was 78 years old and formerly lived in Hopkinsville, but had been making his home in West Virginia for some time. Recently he came to Pembroke to spend the winter with one of his daughters, Mrs. W. J. Garnett. Mr. Graves is survived by five children. His son, Charles Graves, is a resident of New York. Mrs. Francis Lee Goff, of Florida, is one of his daughters. Funeral services were held yesterday and the interment took place in the Pembroke cemetery.

### CAYCE—MAJOR.

Marriage Took Place Last  
Night Near The City.

Mr. Posey Cayce and Miss Emma G. Major were united in marriage last night. The wedding occurred at the home of the bride's mother, Mrs. Mollie Major, two miles west of the city.

The bride is a very pretty and popular young woman and is a social favorite in her neighborhood. The groom is a well known young South Christian farmer.

### A Quiet Election.

Contrary to the expectations of many the election in the city passed off without differences resulting in a fight. Though it was one of the most stubbornly conducted contests for municipal office it is gratifying to know that partisans did not let their zeal for their candidates overcome their discretion. Now let everybody get down to work with the same energy for Greater Hopkinsville.

### AMUSEMENTS.

Manager Ennis has secured another big musical treat, "Isle of Spice," for one night in March. B. C. Whitney will offer this most successful musical mixture at Holland's opera house on March 2, for the first time in this city. This attraction has played to crowded houses for a period of 36 weeks in Chicago, 14 weeks in Boston and 16 weeks in New York at the Majestic theater, where it could have remained for at least twice that time had it not been compelled to vacate to make room for another attraction previously booked. In the "Isle of Spice," will be found catchy music—the whistling kind—pretty, shapely, and handsome girls, magnificent scenery and electrical effects to give it a true atmosphere of an island where everything is pleasant and tuneful; the company numbers 70 people.

Mr. Theodore Kremer, one of the most popular authors, has furnished theatre-goers throughout the country with many a pleasant evening, with the numerous successful plays

that he has written. Mr. Kremer has eclipsed all previous efforts in his latest dramatic composition—"A Desperate Chance," which will be seen here at the opera house, next Monday night, Nov. 12. In "A Desperate Chance" the author has taken for his theme an entirely new and novel idea, showing the great hypnotic power the famous Biddle brothers had over the gentle sex. The play abounds with intense situations and holds the interest of its audience from beginning to the end.
